

Quality & Environmental Policy

- 1 Bancon Construction Ltd is committed to providing services of the highest standards to fulfil client requirements.
- 2 Bancon Construction's Management System describes the company's operations both on our premises and on site. It shall be ensured that the company's management system complies with agreed client requirements and relevant standards and guidelines.
- 3 Bancon Construction is committed to comply with the requirements of ISO 9001 & ISO14001 Quality & Environmental Management Systems, Investors in People and relevant legislation and regulatory requirements.
- 4 Bancon Construction shall conduct all its activities in such a way as to:
 - Provide services of the highest standard and reliability
 - Seek progressive improvement of its performance
 - Comply with all applicable legislation and regulatory requirements
 - Prevent pollution and minimise the environmental impact of activities
- 5 Bancon Construction will set quality and environmental objectives and targets to support a programme of continual improvement, monitoring any changes in practice that may impact on the business.
- 6 Bancon Construction's Management System is therefore to be regarded as a mandatory working system and it is the responsibility of Directors, Management and Staff to ensure that their part in this policy is understood, implemented and maintained.
- 7 This policy statement has the complete support of the Board of Directors and the management team of Bancon Construction.
